Re: Draft Environmental Assessment, Alfalfa Field Renovation and Four-Year Agricultural Lease at Foy's Bend Fisheries Conservation Area

The Flathead Audubon Society (FAS) has reviewed the Draft Environmental Assessment for the Alfalfa Field Renovation and Four-Year Agricultural Lease at Foy's Bend Fisheries Conservation Area and submits the following comments:

FAS supports the Proposed Action (Alternative B) as described in the Draft EA. It would be a cost efficient and practical way to manage the hay field and it would have wildlife benefits compared to letting weeds become dominant.

Thank you for considering our comments.

Kay Mitchell, President
